ANNUAL PICTORIAL PUBLISHED BY THE PUBLIC RELATIONS BUREAU
OF THE AUSTRALASIAN MISSIONARY COLLEGE

Registered in Australia for Transmission by Post as a Periodical

When a man is one among the ranks
Of those who understand—
We look up to him

When he gives himself wholly to working
Vast changes for the better
In God's service—
We admire him

When he is our principal, teacher, friend—
We salute him

To

Dr. E. GORDON McDOWELL

High on the pedestal of our esteem
We dedicate the 1963 JACARANDA

As we contemplate the conversion
of raw materials into
the finished product

salty smells of ore-boats

trolleys trundling

glare of molden metal

pulsating machinery

the promised strength

of a polished link

all combine to impress upon us

the drama associated with

such a transformation

But even more dramatic

are the changes wrought

here in our College

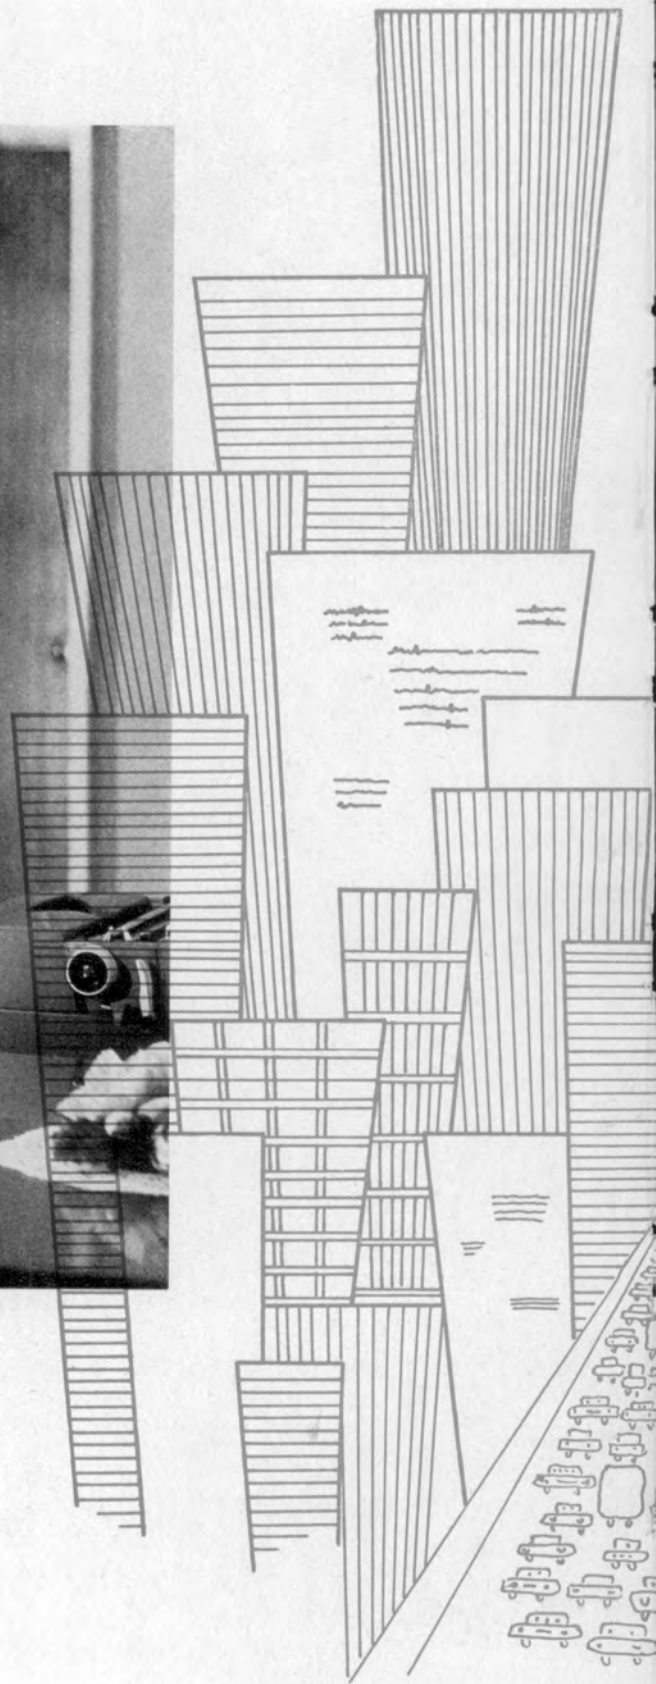

The raw materials are people
from here, from there

They undergo the processes of
classification
refining
casting
polishing
testing
To emerge as links—

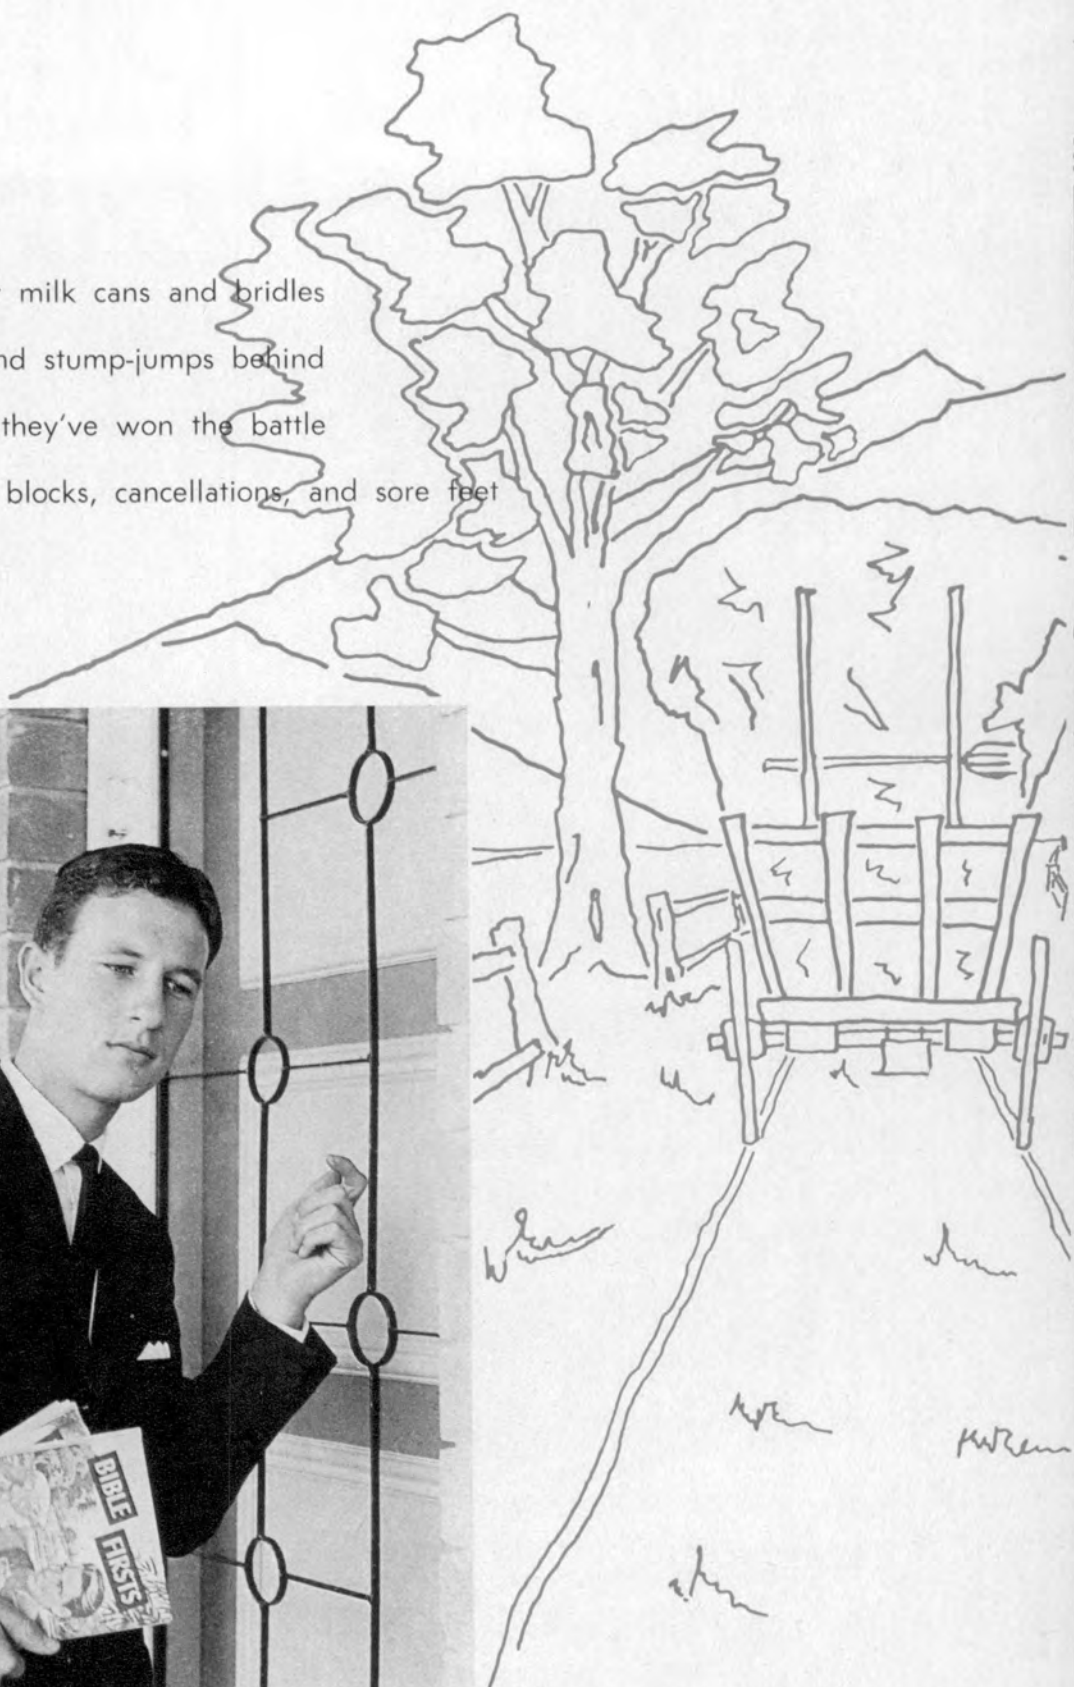

Links in the chain
of God's workmen,
reaching to all the world
to bear the Good News
to those Christ died to save

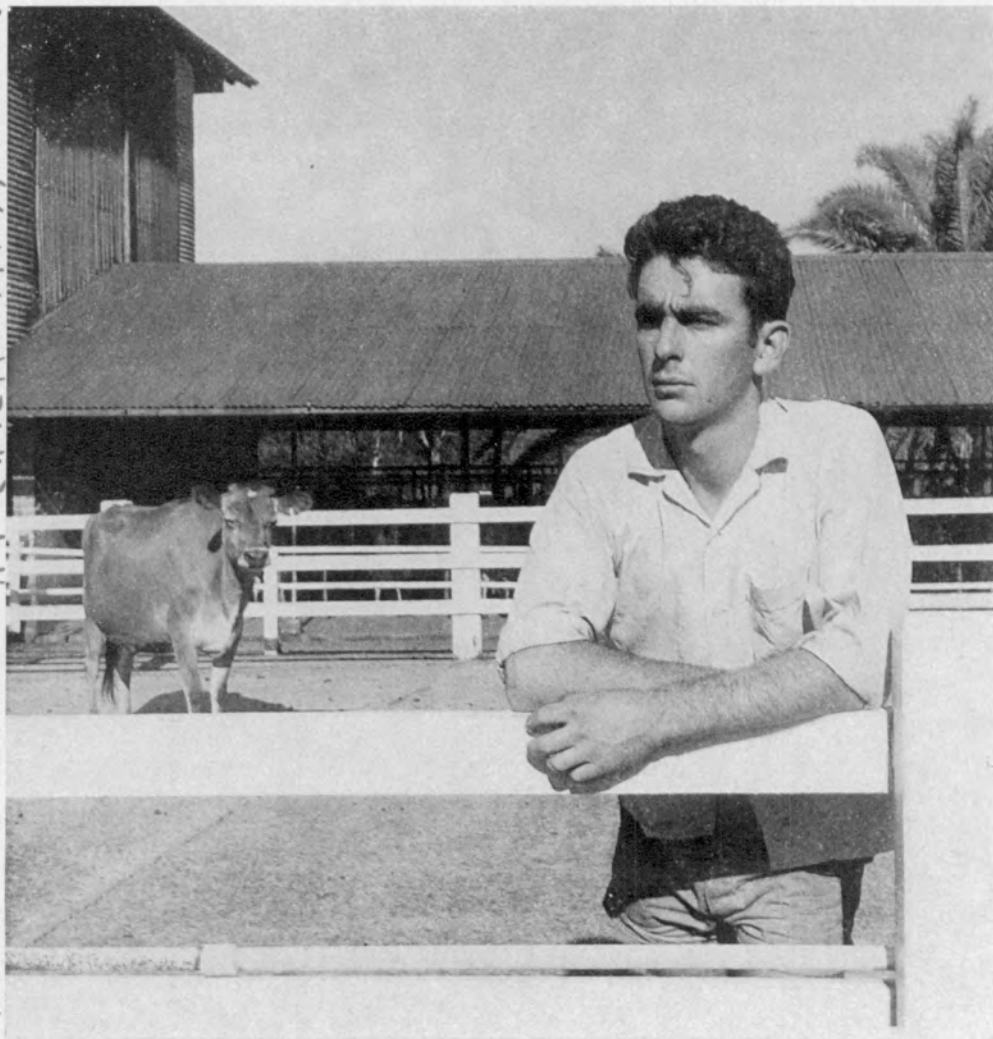

From stone-faced fussing cities
With glass-eyed office towers—
From pneumatic drills and pavements
And brick and mortar smears
They come

They come from their milk cans and bridles
Leave combines and stump-jumps behind
They come, and they've won the battle
With order blocks, cancellations, and sore feet

Faces everywhere

things have them

people have them

Ore spilling onto a conveyer belt

is motley and varied

So are the faces of those who come

to College . . .

In Appreciation

To those who were willing
to strive against immense odds
to repress the pangs of frustration
to exhaust their creative abilities
above all
to sacrifice time, study, and sleep
in order
to produce this annual
I extend my sincere thanks.

This meagre expression of gratitude on my part can give but semblance
of the true impression hewn on the edifice of your experience by that chisel you
know so well.

RICHARD DARBY

IN MEMORIAM

Richard and Ray were volunteers
 —raw materials to be processed
 —to be links
 in God's chain of workers

Though incomplete
 yet in themselves they were complete
 as life for one who fully trusts
 is complete
 yet daily he must take one step
 further into Christ

In commemorating their passing
 we bow in love
 to our great Superintendent
 for "Precious in the sight of the Lord
 is the death
 of His saints." Ps. 116:15.

An entire magazine could be recorded in these tiny dots!

Every page, every word, every picture could be recorded and reduced to microscopic proportions, thanks to an amazing new photochromic micro-image technique developed by NCR Research.

Using a photochromic material consisting of molecules of light-sensitive dyes, it makes possible completely grain-free clear reductions far finer than those achieved with the finest micro-film.

Actually, the little plate shown here is big enough to record approximately 5,000 magazine pages . . . micro images that can be enlarged to almost perfect copies of the original.

To put it another way . . . this new NCR development makes it possible to store the entire contents of a 400 page book on one square inch. Thus, the library of the future could store all its volumes on small, expendable memory cards. The cards could be read at home with viewers which magnify the image for easy reading.

Or, put another way, documents that now require 250,000 square feet of filing space can be stored in 6½ square feet. Think of what this will mean to business concerns in the years to come, as space becomes more and more valuable.

The point is . . . this is only one of the many new and exciting projects at NCR's Research and Development Division, whose major objective is . . .

To provide the finest total business systems — from original entry to final report — through NCR accounting machines, cash registers or adding machines, and electronic data processing.

The National Cash Register Co. Pty. Ltd.

Head Office in Australia: 14-16 York Street, Sydney

JD350

Sales and Technical Offices throughout the Commonwealth.

No matter what your system problems or needs, there is an NCR product specifically suitable for YOU. Also, it's good to know that when you call in NCR, you call in highly trained System Consultants, whose prime objective is to be of service and to ensure that your choice is the right choice. NCR men know that only by making a thorough investigation and analysis of every detail of your present system and requirements, can a sincere recommendation be made. There is a vast range of Nationals—over 500 models. NCR has been helping business make and save money for almost 80 years. 1133 offices in 120 countries.

DECIMAL CURRENCY

All National machines currently being sold by the National Cash Register Co. Pty. Ltd., will be converted to decimal currency by the Company during the official conversion programme free of charge to the purchaser.

The WALES can help YOU

Savings Accounts

Start your Wales savings account to provide for future needs and help toward security. You should also open a Wales Special Purpose savings account to accumulate funds for a definite objective, to achieve a particular ambition. Save with the Wales — Australia's largest non-government savings bank. You are assured of quick and friendly attention.

Cheque Accounts

You don't need to be twenty-one to have your own Wales cheque account. Among the many advantages of a cheque account are the time and trouble saved in making payments, the safety of paying by cheque rather than by cash, and the complete and permanent record of payments provided by your cheque butts and bank statements. It's the mark of maturity to have a Wales cheque account!

Wales Travel Service

Before you make your bookings, consult the Wales Travel Department. Whether it's holidays or a world tour, let the Wales take over your travel problems. They've all the answers to your questions about routes and reservations, tours and timetables. From the moment of your initial enquiry until you board your ship or aircraft, you will be guided step by step through the necessary formalities.
